☐ **Results by** email or fax to vet (Free of charge) ☐ **Results by** POST to vet (charged at £2.00)

If the herd is part of a CHeCS health scheme please indicate which Scheme?

I agree as a member of **BVDFree** all my BVD test results from July 1, 2016 and the results of all future samples tested for BVD can be uploaded to the BVDFree database and that the BVD test results and BVDFree herd status will be held in the BVDFree database and openly accessible through portals approved by BVDFree (eg LIDEH). I agree that samples may be retained on request by BVDFree for further testing and surveillance. ☐

Note: From 01/01/17 BVDFree charge for upload BVD virus/antigen tests: £0.25; BVD antibody tests: £0.50.

Declaration by keeper

These samples are intended to complete an annual screening test for BVD for my herd. ☐

These samples are a part-test towards the annual screening test for BVD for my herd. ☐

Signature: _____ Date: _____

Declaration by vet

These samples are being submitted in accordance with the BVDFree England scheme after discussion with the farmer. I have taken the appropriate samples from all separate young stock management groups as specified.

Signature: _____ Date: _____

5 samples required per separate management group from unvaccinated home reared animals BVDFree recommends sampling animals 9-18 months of age and taking 10 samples per farm				
FULL 12 DIGIT UK NUMBER	DATE OF BIRTH	VIAL NUMBERS	SAMPLE DATE	Lab ID No. OFFICIAL USE ONLY

- **Herd owners are advised to ensure the correct postage is paid. Failure to pay the correct postage WILL delay the arrival and processing of your samples.**
  (A large letter stamp is generally adequate for up to 10 samples packaged appropriately in a padded envelope. Please weigh your package at your local post office, and take guidance from Royal Mail staff if you are unsure.)
- **It is also advisable to write your herd number on the back of the postage envelope.**
