I agree as a member of **BVDFree** all my BVD test results from July 1, 2016 and the results of all future samples tested for BVD can be uploaded to the BVDFree database and that the BVD test results and BVDFree herd status will be held in the BVDFree database and openly accessible through portals approved by BVDFree (eg LIDEH). I agree that samples may be retained on request by BVDFree for further testing and surveillance.

Note: From 01/01/17 BVDFree charge for upload BVD virus antigen tests: £0.25; BVD antibody tests: £0.50.

Declaration by keeper

These samples are being submitted in accordance with the requirements of the BVDFree England scheme that all calves born are tested for BVD virus/antigen unless an annual youngstock check test has been completed.

Signature: _____ Date: _____

BVDFree recommends that all aborted foetuses and stillborn calves should also be tested for BVD virus.

If this is the final set of tag and test samples and you are changing to checktest monitoring please tick this box
